### Tread Cap Wheels for Tires Enhanced Durability, Stability, Grip

<https://www.cewheelsinc.com/tread-cap-wheels/>

CEW has engineered a unique solution to provide **tires** with excellent durability, stability, and grip. We have developed **tread caps** that can be fixed over both composites and metal hubs. Our patented technology helps enhance the aesthetics and functionality of **tires**. The process of injection molding is used to manufacture ...

### Tread Cap™ Archives - Custom Engineered Wheels Inc. (CEW)

<https://www.cewheelsinc.com> > Tread Cap™

Our **Tread Cap™ wheel** assembly is altogether different. Neither inflated air nor air pockets are involved. It's the cellular structure of the hub that provides the support, strength and exceptional durability. The injection molded **tread cap™** is stretched, mounted and fit firmly onto the hub. Specializing in high-volume production, ...
